

## Professional Privilege Tax Due June 1,2016

The \$400 professional privilege tax is an annual tax imposed on certain professionals who hold an **active license or registration on the June 1 due date, regardless of whether the person practices his or her professional in Tennessee**. Professionals who are subject to the tax may file and pay the tax online at <https://apps.tn.gov/privtx/> .

The Department of Revenue is also happy to answer taxpayer questions. We encourage taxpayers to reach us through our online help application, called Revenue Help (<https://revenue.support.tn.gov/hc/en-us> ). This application allows taxpayers to search and find answers to their questions, as well as submit requests to the Department electronically.
